Massimo SCHINTU

Massimo SCHINTU is the Executive Director of AISCAT, the Italian Association of Toll Highways Concessionaires and member of the Board of Directors of ASECAP, the European Association of Toll Highways Concessionaires. He is a Transportation Engineer with a deep knowledge and expertise in highway planning, management and operation acquired during more than 20 years activity in AISCAT. Massimo Schintu is well acquainted with highways' concessions issues (technical, operational, economic and financial, administrative and legal aspects), quality and safety standards, tariff analyses and studies, tolling systems, preparation of business plans, as well as to other road transportation items. He is also the representative – both for AISCAT and for some Italian Institutions – for planning of the European transportation system and he collaborated to studies and researches in the transportation sector at European Community level. He is the Italian Member of the International Executive Committee of PIARC, Member of the Editorial Committee of the Italian transport infrastructure magazine “leStrade”.

He was elected President ASECAP (European Association of Operators of Toll Road Infrastructures) for 2020-2021 and he is member of the European Commission member of Expert Group on Road Infrastructure Safety (EGRIS).

Matthew BALDWIN

Matthew Baldwin is a European Commission official: he is Deputy Director-General of DG MOVE where he has been since July 2016. Amongst his principal professional activities, he is Manager of the Commission's Mission for 100 Climate Neutral Cities by 2030; he is the EU Coordinator for road safety and sustainable urban mobility; and he is also managing the Commission's crisis network of COVID-19 transport contact points.

In his Commission career of more than 20 years, he has served in the cabinets of President Barroso, Commissioner Lamy, and Commissioner Hill, the last as Head of Cabinet. He has also been Director of Market Access and Industry in DG Trade and Director of Aviation in DG MOVE.

He is of Italian and British nationality, has two sons, speaks English, French and Italian and lives in Brussels.

Emanuela STOCCHI

Emanuela Stocchi is an expert in EU legislation and policies and she is the Director of International Affairs for AISCAT (*Associazione Italiana Società Concessionarie Autostrade e Trafori*), the Italian Association of Toll Highways Concessionaires Companies. In this role she ensures the Association's contacts with the EU Institutions and other European and International organizations active in the transportation field. She fluently speaks Italian, French, English and Spanish. Emanuela has an outstanding International background: she holds a degree in Political Science with a specialization in EU law and policies and she has worked in Brussels for eight years with ASECAP, the European Association of Toll Highways Concessionaires Companies, gaining a solid and comprehensive knowledge of all the EU Institutional and public affairs and expanding at the same time her EU and International network in the transportation area. Emanuela is still very active within ASECAP, being Deputy Member of the ASECAP Executive Committee and Chair of the ASECAP Permanent Committee of Road Safety, Environment and Sustainability; she has also been Chair of the PIARC (*World Road Association*) Task Force on Innovative Financing and she is currently serving as French-speaking Secretary of the PIARC Terminology committee. Emanuela served as well IBTTA (*International Bridge, Tunnel and Turnpike Association* - the worldwide alliance of toll operators and of the businesses that serve tolling) and its members through work on several committees before being appointed to the Board of Directors in 2011. Emanuela served a two-year term as International Vice President, before a three-year term as Second and then First Vice President followed President in 2017 and finally, Immediate Past President in 2018. She is currently serving in the Advisory Council of the IBTTA Past Presidents.

João NEVES

Transport and urban mobility specialist with 15 years' experience dealing with the main topics in the field (vehicular traffic, traffic modelling, public transport, traffic safety, parking, soft modes, ITS, ...) and with different level of management responsibility (from junior to senior project manager and also as Head of the Mobility Division (supervising and managing a workforce of 40 people in the Municipality of Porto). Relevant experience both in National and European funded projects in the field of urban mobility.

After my graduation in Business Management, I have worked for 2 years in the technical and economical appraisal of large scale mobility projects in the city of Porto. Recently I have embraced the challenge to lead the Ascendi's Road Traffic Safety Unit and I am looking forward to embrace the goal of making our network safer for all its users.

Christine ALLARD

Communications, institutional relations and CSR Director
Sanef groupe - Abertis

Graduated of the Institut d'Etudes Politiques d'Aix-en-Provence and HEC, Christine Allard worked successively for Carnaud Metal Box then for the BSN-Danone group before joining the Pechiney Alcan group as Sales and marketing VP, then international communications VP.

Since 2007, Christine Allard is Director of Communications, Institutional Relations and CSR for the Sanef-Abertis group.

She has been appointed member of the french Road Safety National Council (CNSR) in 2020.

She was named Chevalier in the order of the Legion of Honor in 2009.

Bernadette MOREAU

Bernadette Moreau is the General Delegate of the VINCI Autoroutes Foundation for Responsible Driving since 2011.

Bernadette joined VINCI group through its subsidiary GTM as Head of ski resorts, before joining Cofiroute, a VINCI Autoroutes company, in 1995. She held various positions at Cofiroute before becoming Head of the Quality, Safety and Environment department in 2004 and then Director of Sustainable Development of VINCI Autoroutes from 2013 to 2019.

She graduated from Sciences Po Paris and Paris-I University.

Bernhard LAUTNER

Senior Road Safety Expert

- Road Safety Engineer with more than 15 years experience in Road Safety Projects
- Member of the Austrian Road Safety Advisory Committee
- Member in the Austrian Road Safety Fond (VSF)
- Member of the Certification Advisory Committee of the FSV (Austrian Association for Research on Road Rail Transport) for Road Safety Auditors since 2011
- Vice-Chair of ASECAP COPER 2 Road Safety committee
- Austrian representative in PIARC (World Road Association) in Technical Committee 3.1 Road Safety
- Member in the working groups of the national standards for roads (RVS):
 - Road Safety (Road Safety Audits - RSA, Road Safety Inspections – RSI, Accident Investigation Guideline)
 - Road Markings
 - Road Signs
 - Wrong Way Drivers
 - Tunnel Portals

Claire DEPRÉ

Head of Road Safety Unit, DG MOVE, European Commission

Before joining the Commission in 2001, Claire Depré previously worked in the European Parliament with responsibilities encompassing industry, research and ICT.

After a few years as assistant to the Director-General of Mobility and Transport, Claire was appointed as Head of Unit for Intelligent Transport Systems in 2013. In 2016, the unit expanded to include urban mobility and alternative fuels infrastructure policy.

As of January 2021, Claire has been appointed as Head of Unit of Road Safety. Together with her team she supports making Vision Zero a reality.

Bill HALKIAS

Bill M. Halkias, PE, F. ASCE, F.ITE is the President of the International Road Federation ("IRF") based in Geneva, Switzerland and the Managing Director and CEO of the Attiki Odos (Attica Tollway) Operation and Maintenance Company in Athens, Greece and among others he has served as President of "ASECAP" (2018-2019).

Ellen TOWNSEND

Ellen Townsend has almost two decades of experience in European public policy, including eleven years as a senior policy expert at ETSC. For three years, she was responsible for EU Enlargement Policy at the Worldwide Fund for Nature's European Policy Office in Brussels with a special focus on transport issues in relation to enlargement. As Director of Policy at ETSC since 2006 she has led ETSC's work advising the European Commission, Parliament and Member States on road safety issues. She has extensive experience working with road safety organisations, policy makers and decision makers across the EU on road safety policy, infrastructure and enforcement.

Vassiliki DANELLI-MYLONA

President of the Board of Directors, Hellenic Research and Educational Institute "Panos Mylonas" for the Road Safety and the Prevention/Reduction of Traffic Accidents (Hellenic Road Safety Institute – RSI "Panos Mylonas")

Mrs Vassiliki Danelli-Mylona has studied Economics at the Athens University of Economics and Business Sciences and also holds a Master's degree in Business Administration, University of Illinois. She has marked a successful management career in the Greek Telecom industry. She has been the President of the Hellenic Road Safety Institute (RSI) "Panos Mylonas" since its establishment in 2005. The Institute was created after the tragic unfair loss of her 22-year-old son Panos and since then she has committed herself to raise awareness among citizens and organizations in order to strengthen the Traffic Safety Culture in Greece. She has been honoured in Greece and in Europe (Award for Female Social Contribution by the League for Women's Rights, 2011, "European Citizen's Prize" from the European Parliament 2011, by the Swedish Government for her contribution to ISO 39001 and her commitment to act for road safety, 2007, and many other distinguished organizations and authorities). She represents RSI "Panos Mylonas" at the UN (ECOSOC) and is a member of the UN HLP Advisory Board, Jean Todt chairing, FIA President and UN SG Special Envoy for Road Safety.
